

# Applied Technologies Institutes NLC (ATINs)

**Skills For Employment**

## About us

ATINs are one of the leading technical and vocational training service providers in Pakistan since 2003. ATINs are working as a CSR project of NLC and offer free vocational training with assistance of national and international organizations to contribute towards skill development of youth. ATINs started with two institutes at Mandra and Dina in Punjab. The facility was later extended to Amangarh (KPK) & Khairpur (Sindh) to advance the cause of human resource development at national level. ATINs are accredited with NAVTTC, registered with provincial TEVTAs, affiliated with Trade Testing Boards and are also ISO 9001: 2015 certified. More than 64,000 students have been trained in these institutes so far. ATINs are focusing on international collaboration in different programmes for more authenticity of its certificates / diplomas and better employment prospects for trainees. In this connection, ATINs at Mandra & Dina are in process of acquiring international accreditation through NAVTTC. Prime Minister's High Tech Skills Centers are also being established at ATIN Mandra, Dina & Amangarh.

## Trade and Technologies

Vocational Courses (3/6 months & 1 year duration) are offered to students in more than 37 different trades which includes driving (HTV/ LTV), heavy machinery operators, automobile technologies, civil technologies, IT, hospitality and hotel management. ATIN Mandra also offers 3 Year Diploma of Associate Engineer (DAE) Courses in Civil, Mechanical and Information Technologies.

## ICON in Construction Machinery Operator Training

ATINs are one of the few institutes in Pakistan offering courses on Heavy Machinery Operator and Mechanical Handling Equipment.

## Exclusive Heavy Vehicle Driving Training

ATINs are the only chain offering HTV/ Long vehicles drivers training in Pakistan. ATIN Dina have state of the art Driver's Fitness Testing and Training facilities (digital driving simulators, highway code model room, night vision/ glaring/ color blindness testing facility etc) with large HTV/ LTV fleet. ATIN Dina also collaborated with NH&MP for provision of license to trainees at institute.

## Enabling Employment

ATINs are committed to facilitate post training employment of skilled students as a long-term commitment and responsibility. ATINs have established Placement Cells for employment of ex-trainees. ATINs maintain and constantly share database of skilled individuals with government, overseas employment promoters and private sector enterprises to seek jobs for ex trainees. HQ ATINs collaborated with Overseas Employment Corporation (OEC) and Fauji Foundation (FF) for providing "Test Bench" facilities at all ATINs for selection / recruitment of skilled manpower and soft skills training to all selected overseas employees.

## Our Commitment

Quality and objectivity in training are of paramount importance with enabling employment of passed out students as ultimate outcome of our efforts. Participation of all trainees in interactive training activities with focus on hands-on practice is ensured. We endeavor to meet maximum national and international quality standards, following the principles and guidelines of respective Technical Education Boards and Regulatory Authorities. We are committed to reach maximum unskilled youth and impart quality skills training as per market demand and enable them to earn respectable livelihood at home and abroad.
